COMMUNICATION

I've consistently demonstrated strong leadership abilities, even throughout my college years. My exceptional communication skills have been recognized through my success in providing outstanding patient education and counseling.

LEADERSHIP

I received a Special Award for "Outstanding Performance in Computer Programming" during my time in senior high school, and I have been recognized for my contributions to satisfaction in my current role.

EXPERIENCE

September 2022 – March 2024

I have gained valuable skills through completing school and volunteering as a co-teacher in the HBBCM Kabalikat Program where we help destitute people and educate children.

April 26, 2023 – June 2, 2023

During my work immersion at Colegio de Los Baños, I gained valuable hands-on experience across various departments, including Guidance, Business Affairs, and the Computer Laboratory. I developed strong communication and problem-solving skills, managed extensive paperwork, and improved my technical abilities in ICT, all of which have significantly contributed to my professional growth.
